Are you a business owner?

Equipment upgrades are necessary to remain competitive. We structure affordable payment schedules that fit your needs so you can stay focused on your business. CWB Maxium offers seasonal payments, zero payments, and skipped or bi-weekly instalment options. Plus, our easy qualification process lets you know where you stand every step of the way.

Our competitive rates, extended amortizations, custom payment schedules and quick approvals are the foundation of our business and the cornerstone of our expanding customer base.

Are you a manufacturer, distributor or dealer?

You sell it. We finance it. Grow your sales with our vendor program. We want your customers to benefit from a seamless credit approval process. When your customers make the decision to purchase a piece of equipment, many will want to avoid the hassle of applying for a traditional loan. As a result, they may use a line of credit or high-limit credit cards for short-term expenditures. CWB Maxium's vendor program gives your customers an alternative payment option that works with their monthly finances. Plus, having a financing option in place increases your customer service and helps you to secure the sale. We tailor our vendor program to your business needs, financing volume, equipment type, nature of business and clientele, and we can service small or large credit requests.
